Current QUOTE PAGE

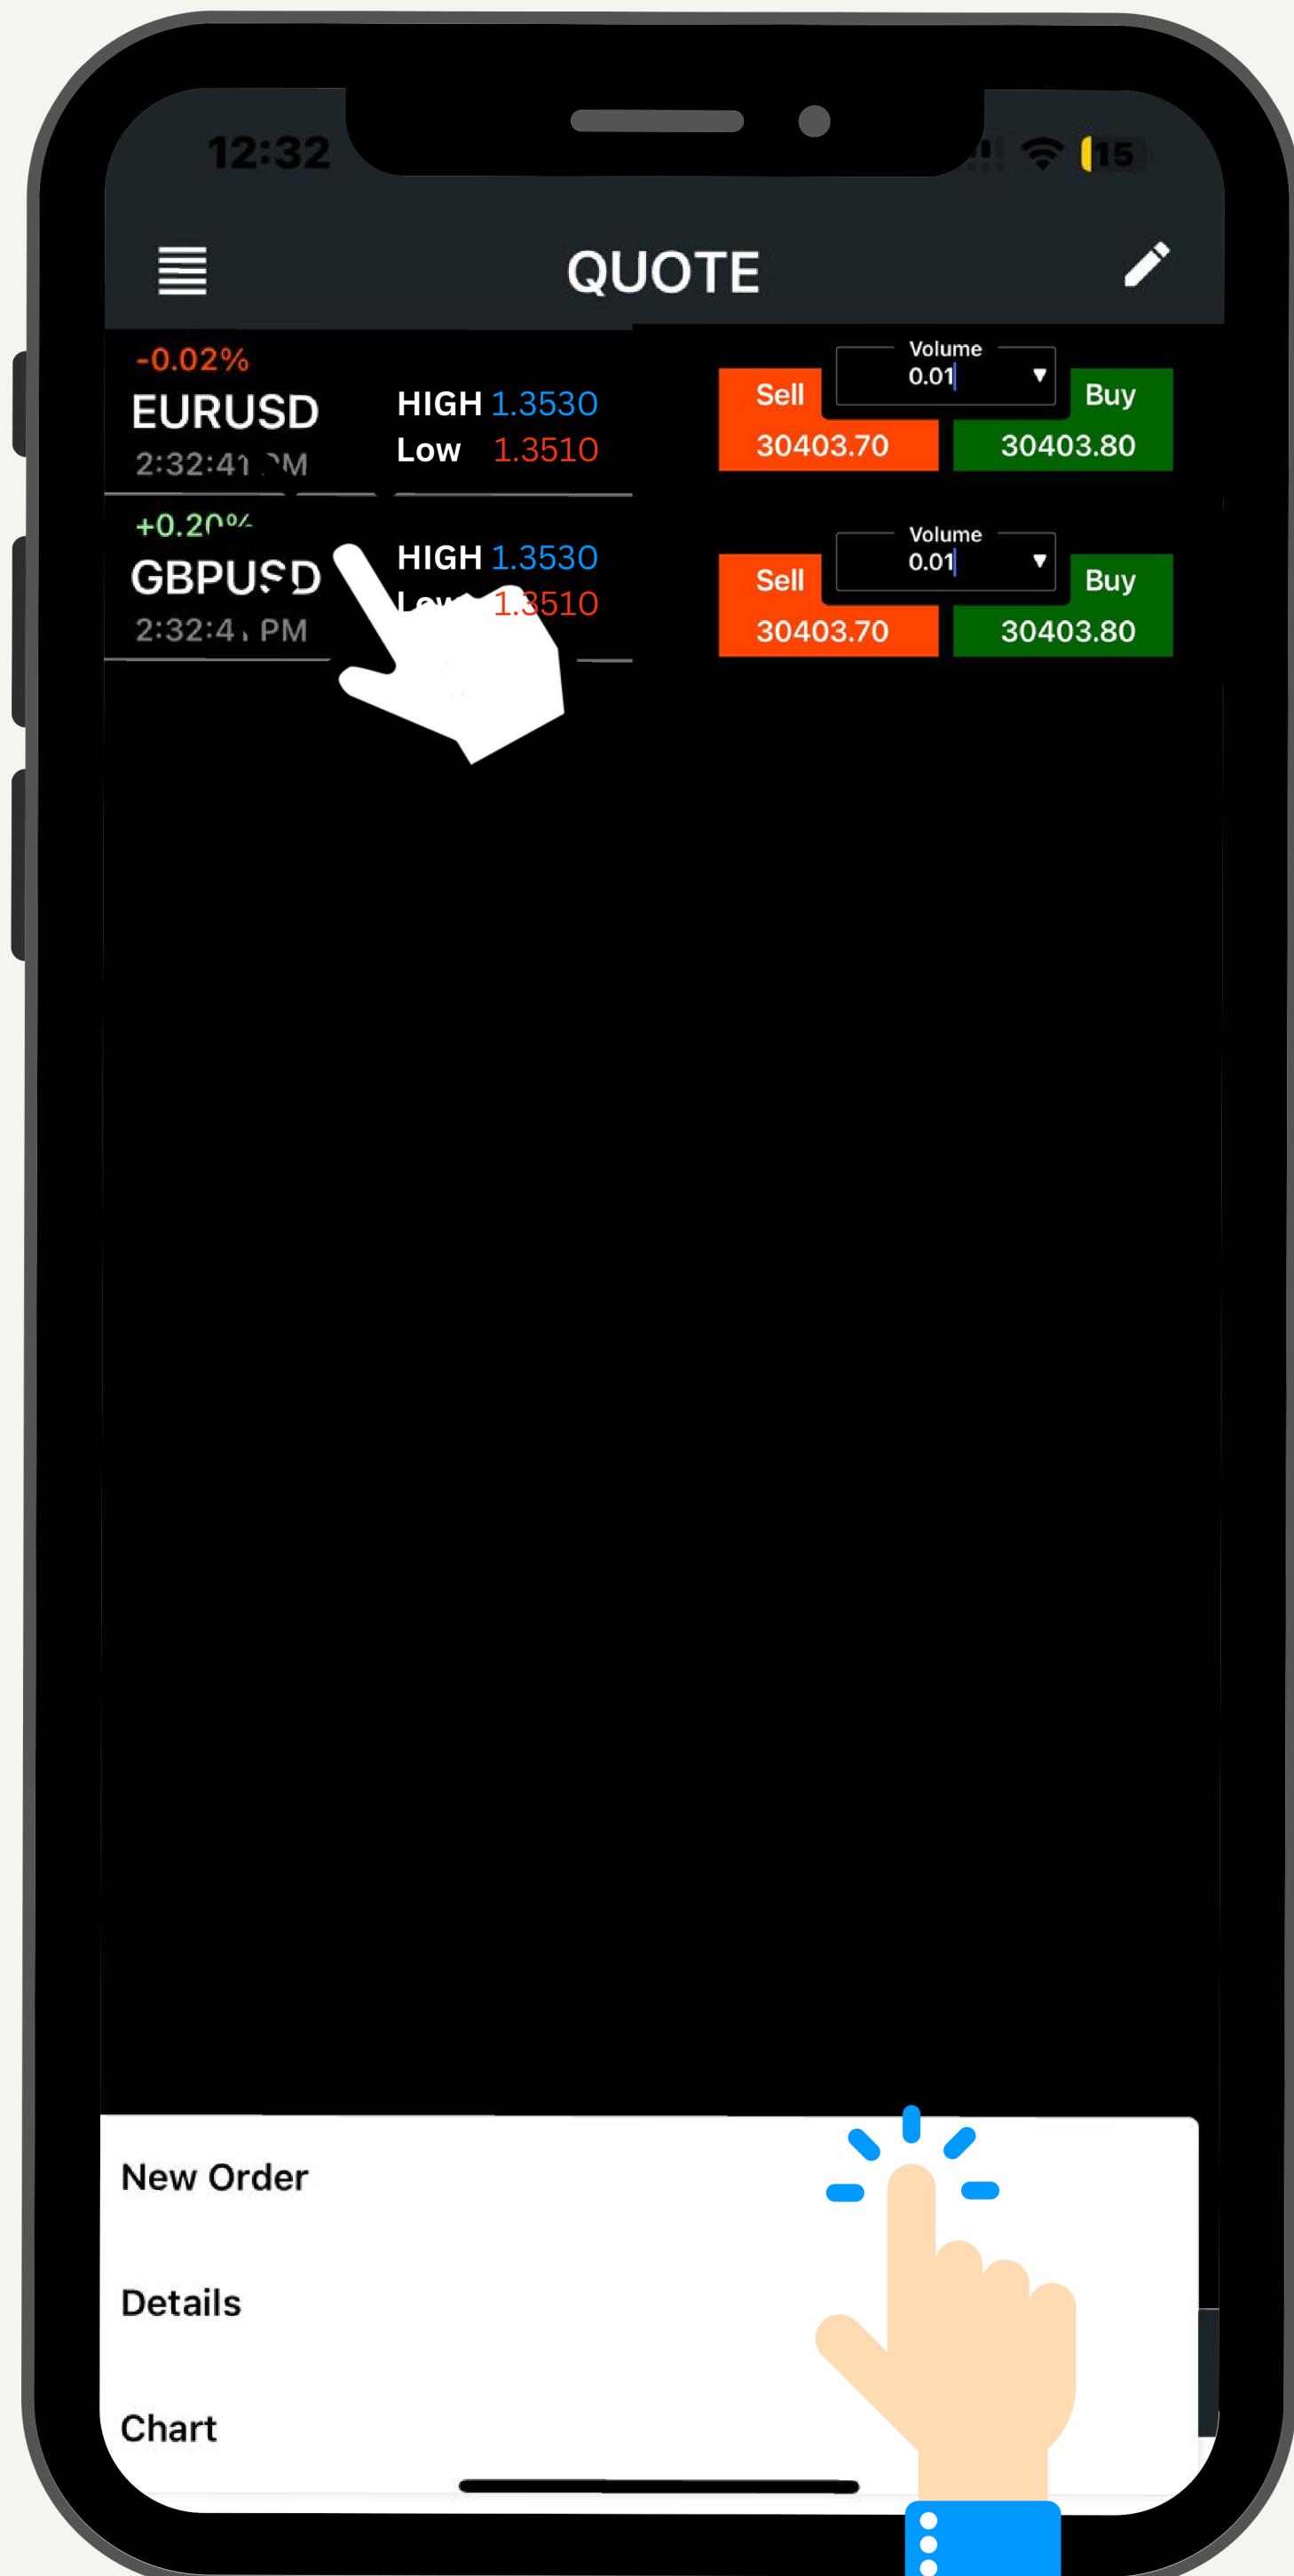

Page 1

Bis Ask Rates will be replaced by buttons which are already on our chart page

Page - 1A

Previously when we click on any symbol it opens new window with options New Order Details Chart
(this will still remain same if someone hard click on name this will open)

When Click next to new order

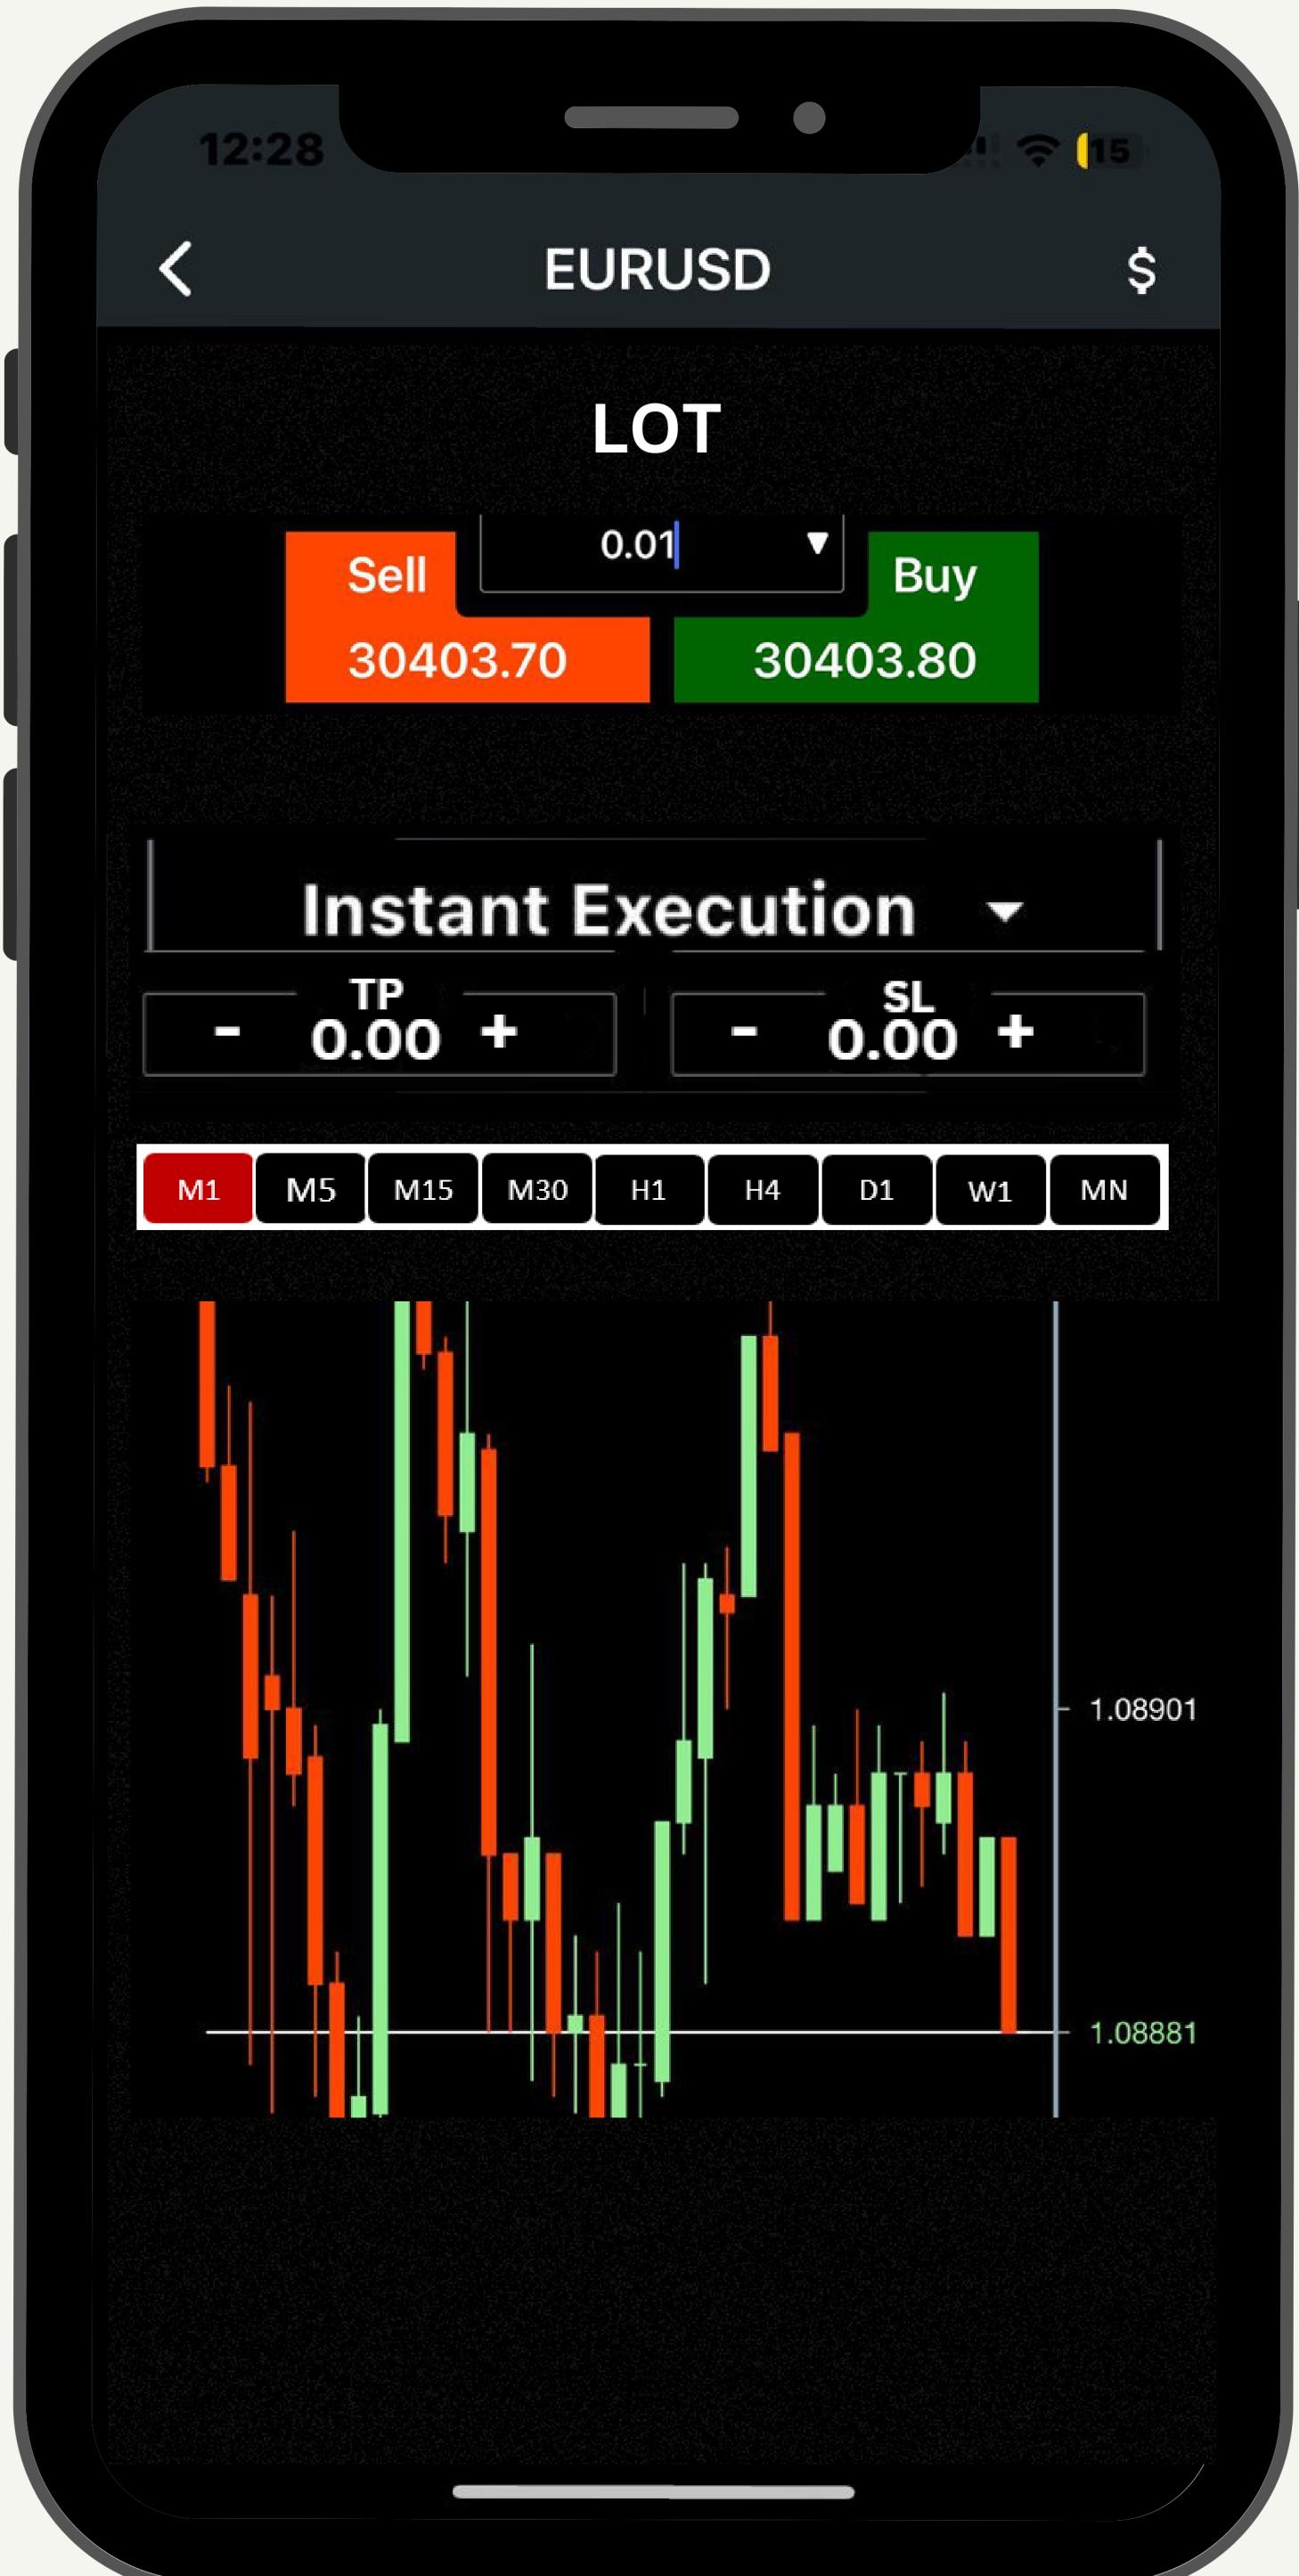

Currently this page opens

Page - 2

The Look of the above page will be changed to this

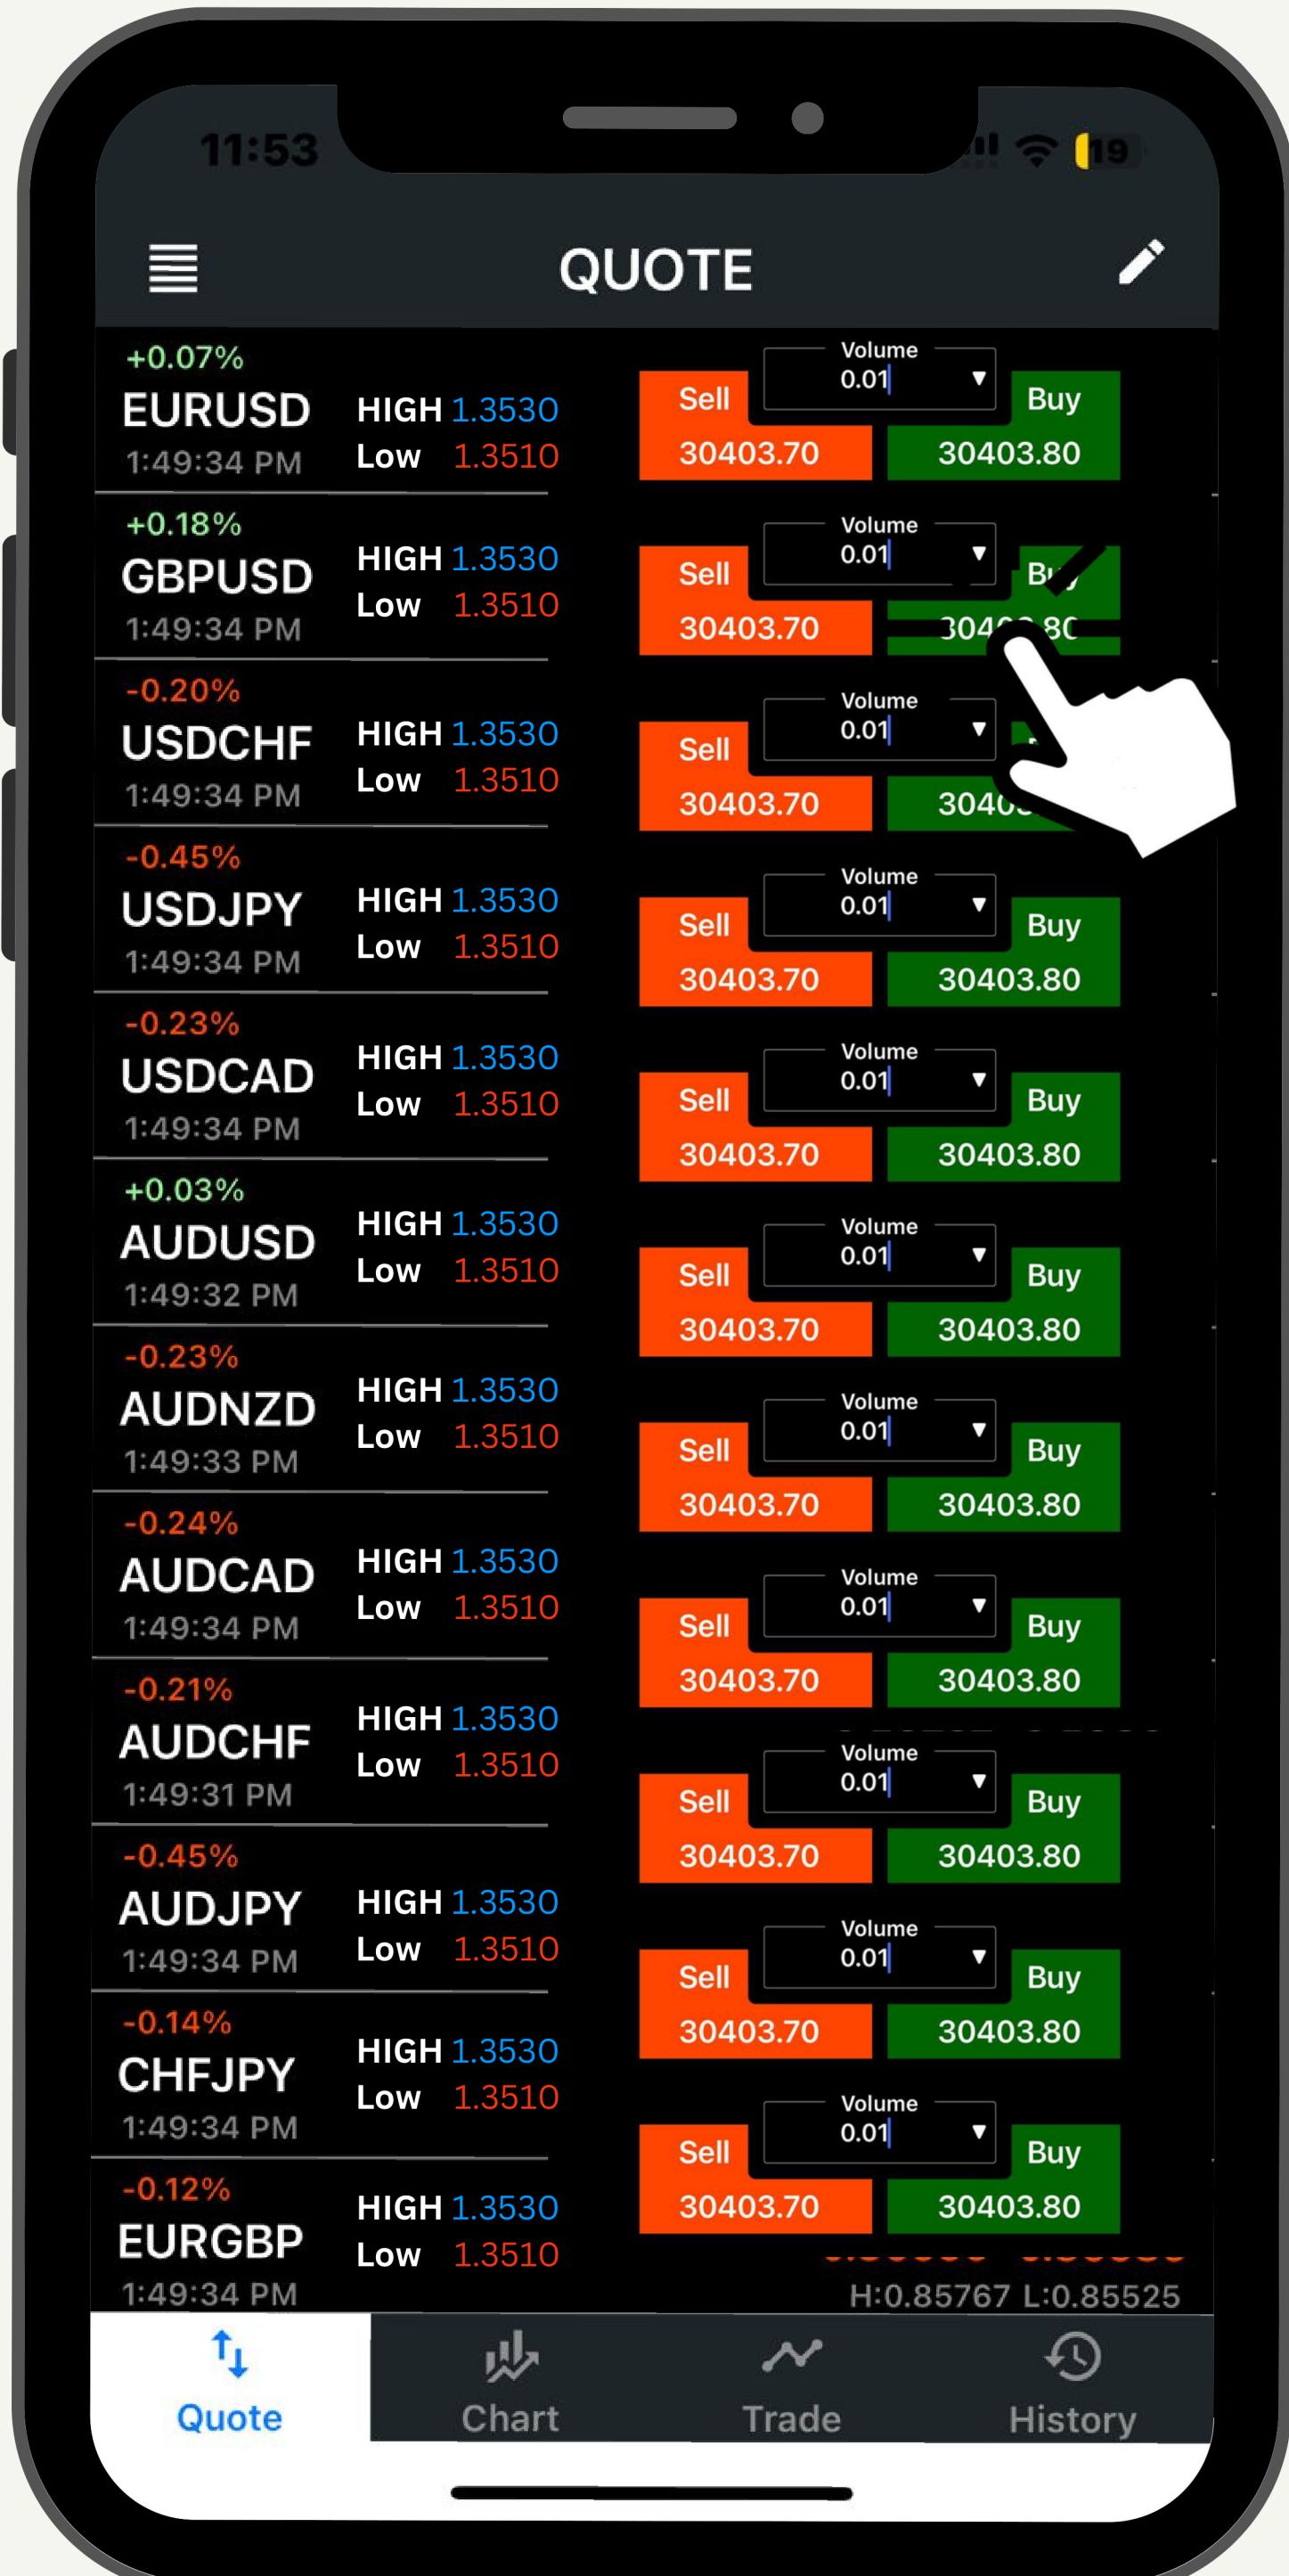

This is replacing buy sell button with our current buttons which are on chart, its replacing tick chart below with our current chart and default will open 1M chart

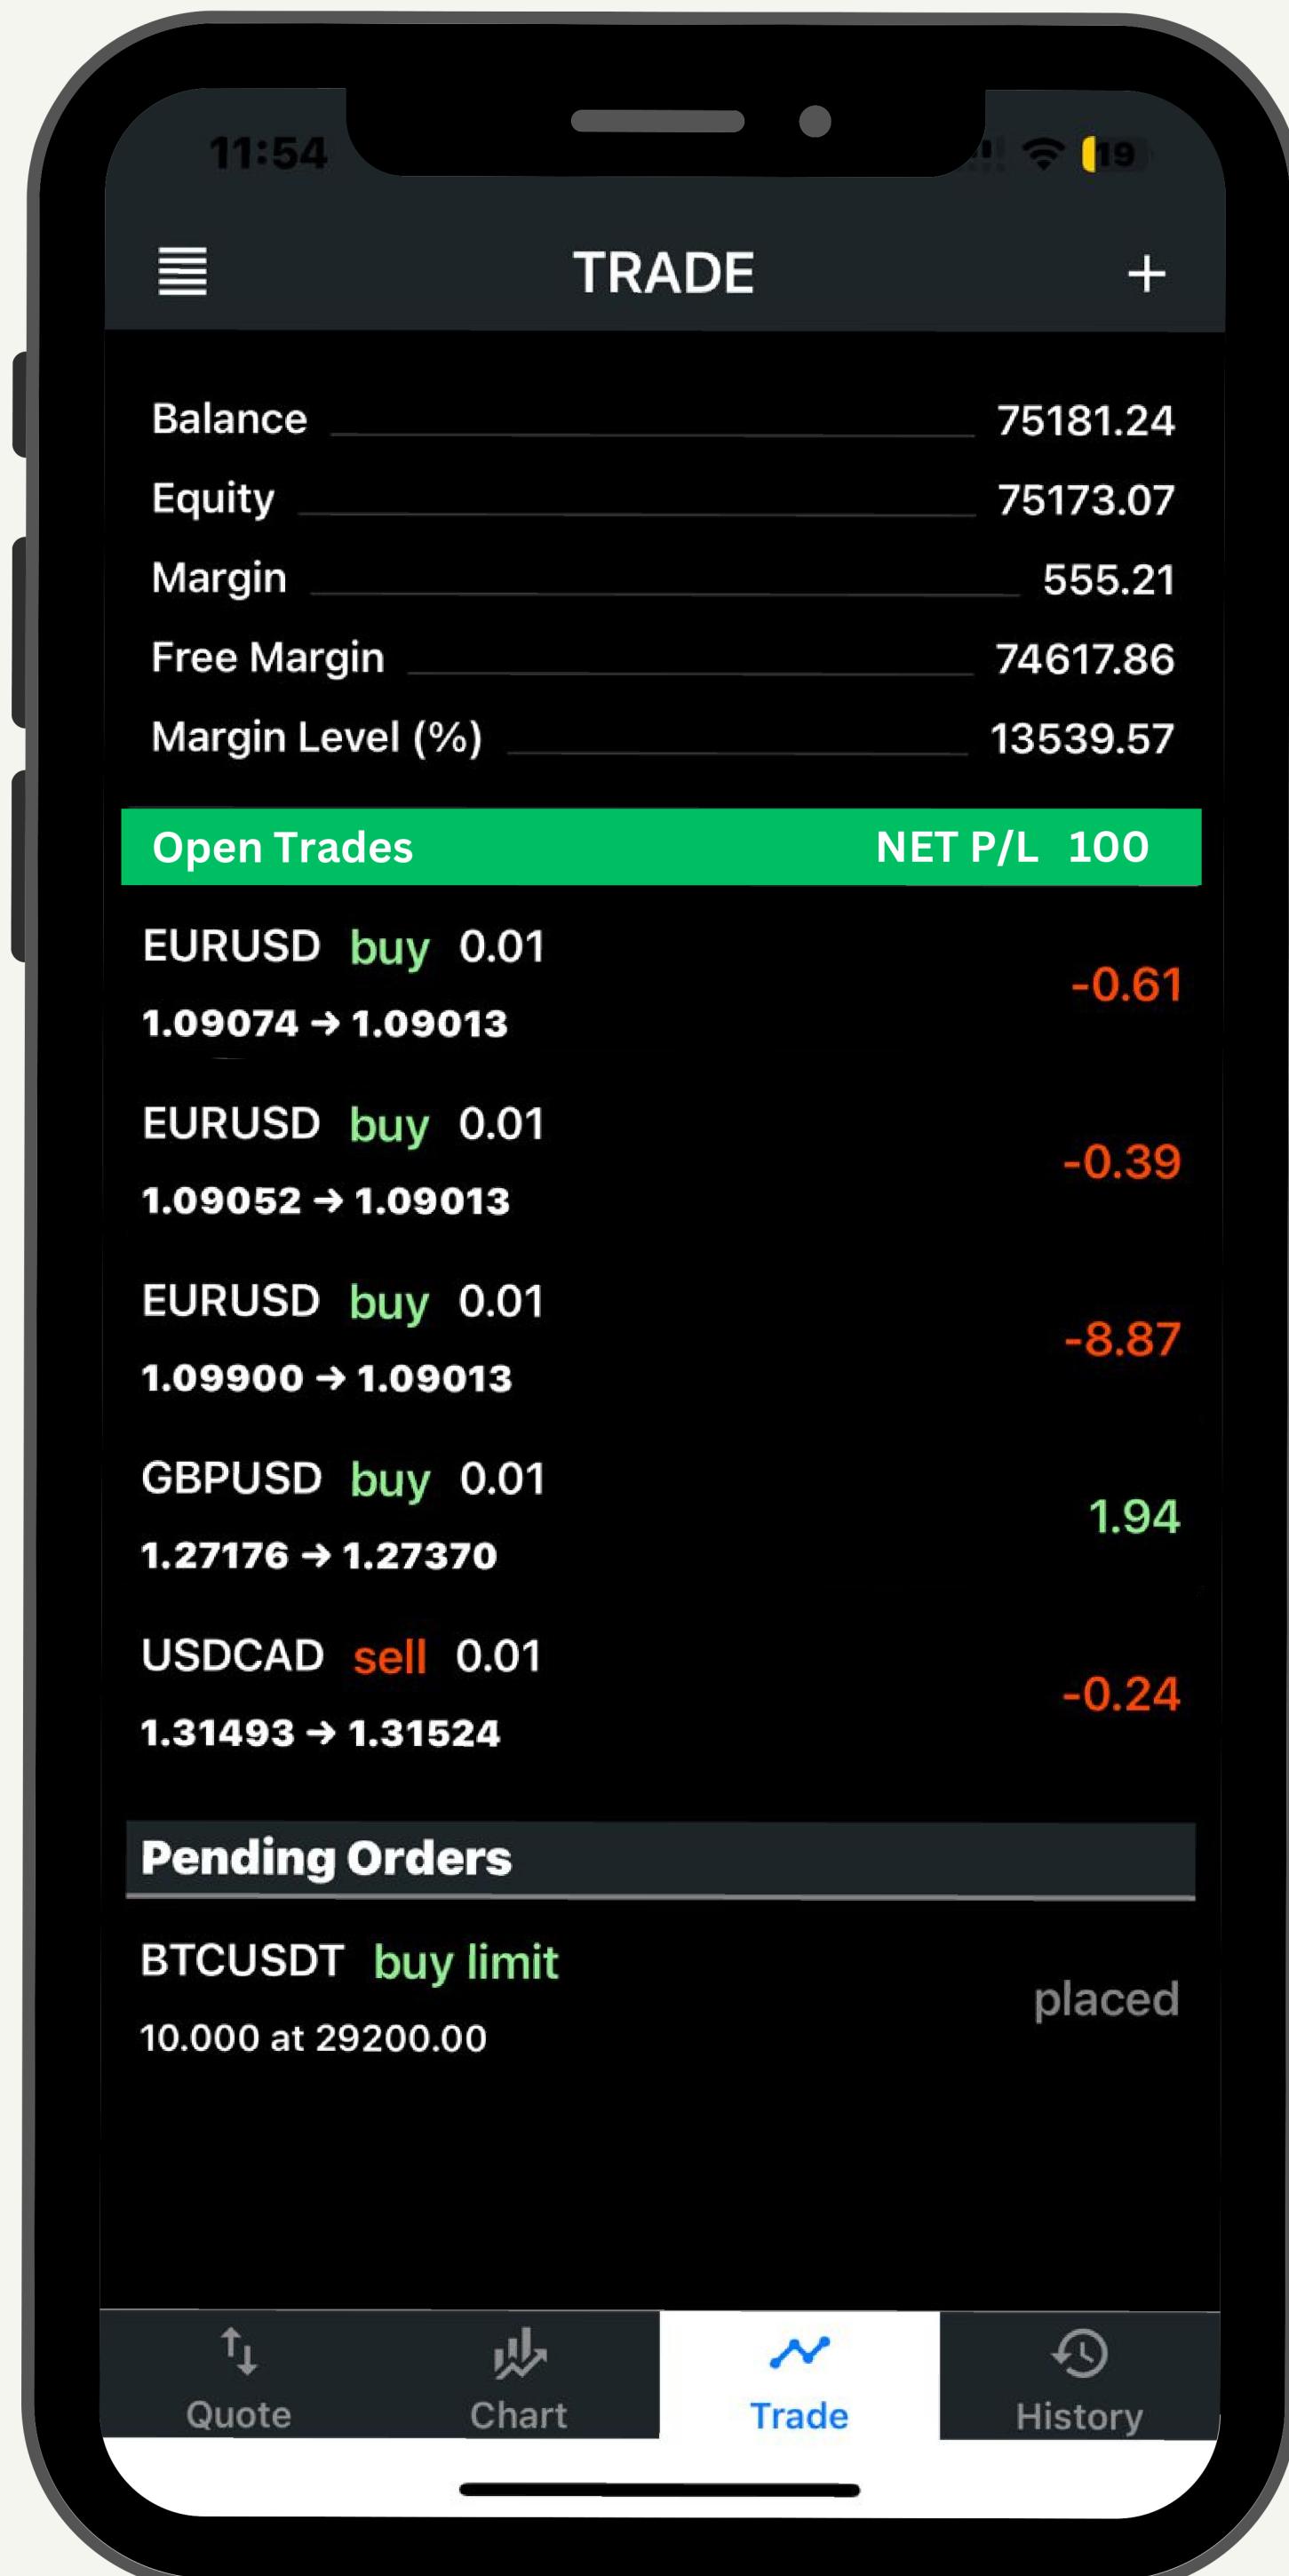

Page 2 A

Or if we click buy sell from button same Trade opening

New page design will open which is Page 2A

Note: If Net Open Orders Profit or Loss is in Greater than Equal to Zero then Bar will turn Green Color.

Note: If Net Open Orders NET P/L is in Less Than Zero then Bar will turn Red Color
